

Dear Students

Thank you for being so welcoming in our first term together. It has been a privilege to observe such a wonderful learning environment, and the majority of you have been cooperative, considerate and polite.

The end of term is near and I am seeking for your feedback, because I would like to plan my teaching in ways that help you learn. Please reflect on the time you have spent in my classroom, and comment briefly:

*I especially enjoyed the following aspects of the lessons:*

---

---

---

*I learnt most during these activities:*

---

---

---

Now I would like you to suggest what YOU would like to see next term. Do not forget, I am looking for ways to help you learn!

*I would like to see more of the following sorts of activities:*

---

---

---

---

I hope you are looking forward to next term as much as I am!

Thank you for your time and for thinking about your learning 😊 😊 😊

Prof. Torelli
